Welcome and thank you for coming into covenant with the Greater Faith Word Church International's (GFWCI) Mission! We are excited that the Spirit of the Lord has guided you our way. It is our mission to help meet the needs of the lost, the least, the left out, and the looked over, all the while promoting and pushing the Kingdom of God. We pray that as you continue in partnership with GFWCI Missions, that you will be enlightened and inspired by what God is doing. Again, we as one body would like to thank you for joining and investing into the mission and the vision of this organization.

GFWCI is achieving missions on an international scale in different parts of Africa and Mexico. Currently in Mumias, Kenya, we help to support and serve Greater Faith Discipleship Academy that houses 81 orphans and growing! We also contributed to the digging of a well, Crystal River of Life Water Well, which provides clean water to the town, as well as many neighboring towns and its people. Both establishments are providing life for many near and far! Our goal is to extend this vision into different parts of Mexico, to be of service to the widows, orphans, and strangers, and to be of aid to the homeless and the hungry. If you would like to contribute to the missions and be a part of what God is doing, we have several outlets in which to do so.

We believe in investing into His Kingdom, knowing that the gospel of the Kingdom is being infiltrated, accelerated, and inundated in many regions on a local, national, and international level. If you would like to sow into our missions, you may do so through the following apps or avenues:
